Proceeding ID No. 1831**Record amendment application**

ATCO Gas and Pipelines Ltd. (South) (ATCO), by Application No. 1608345 registered on April 13, 2012, filed an application with the Alberta Utilities Commission (AUC or the Commission) under Section 12 of the *Pipeline Act* and Section 4.1 of the *Gas Utilities Act* to add an existing operating pipeline to the licence (Line 144 – 2.15 kilometres of 60.3 millimetre outside-diameter (OD) pipeline) in Townships 9 and 10, Range 21 west of the Fourth Meridian. The proposed amendment is related to facilities previously constructed and operating in accordance with approvals granted in licence 2027.

ATCO stated that after reviewing their records it was determined that a pipeline was not recorded on licence 2027 when it was installed in 1985 and that there was no record of the line being removed from the license. ATCO requested that the pipeline be included on licence 2027 as line 144 to correct the records.

ATCO provided information respecting the need, nature and extent of the pipeline record amendment. Since the record amendment does not involve a ground disturbance, there will be no environmental impact.

Based upon the information provided, ATCO has demonstrated that the proposal is of a minor nature, no other person will be directly affected by the proposal and no adverse environmental impact will be caused by the proposed record amendment.

The Commission approves the application. The amended permit and licence is attached.
